

Softphone 20 Plan

This Critical Information Summary sets out the important information you need to know about your plan. It covers things like the length of contract, how much you need to pay, what's included and what's not.

About the service

This plan enables you to use our mobile softphone or our desktop softphone application and access all standard softphone features.

This Critical Information Summary outlines the pricing and special conditions that apply to your Softphone 20 Plan.

Connection & availability

To use the mobile softphone you will need to download the UNIVOX Mobile Softphone from the Apple App Store or Google Play Store to your compatible mobile device. To use the desktop softphone you will need to download the UNIVOX Desktop Softphone for Windows PCs or macOS devices from our website.

Softphones connect to UNIVOX servers over the Internet. Therefore, if using the desktop softphone you will need a suitable Internet service, or mobile plan data allowance if using the mobile softphone.

You may need to adjust your local network settings or mobile phone settings to access all softphone features and achieve optimal call quality.

What's included in your plan

Your plan includes:

- One (1) Mobile **and** (1) Desktop softphone;
- One (1) Australian local phone number;
- One (1) 4-digit extension number;
- Standard softphone features; and
- Local calls, National calls, and Calls to mobile phones within Australia (Call Allowance).
