

Virtual Mobile 30 Plan

This Critical Information Summary sets out the important information you need to know about your plan. It covers things like the length of contract, how much you need to pay, what's included and what's not.

About the service

Australian Virtual Mobile numbers appear as standard 10-digit mobile numbers but are not linked to a physical mobile device and do not require a SIM or eSIM. This plan allows you to make and receive calls and SMS using our mobile or desktop softphone applications.

This Critical Information Summary outlines the pricing and key conditions for your Virtual Mobile 30 Plan.

Connection & availability

To use the service, you must download the UNIVOX Mobile Softphone from the Apple App Store or Google Play Store, or the UNIVOX Desktop Softphone for Windows or macOS from our website.

Softphones connect to UNIVOX over the internet, so a suitable internet connection and WiFi network (for mobile use) are required. Network settings may need to be adjusted to enable all features and achieve the best call quality.

What's included in your plan

Your plan includes:

- One (1) Australian Virtual Mobile phone number;
- One (1) 4-digit extension number;
- One (1) Mobile **or** (1) Desktop softphone; and
- Standard softphone features
- Local calls, National calls, and Calls to mobile phones within Australia (Call Allowance).
- Two hundred (200) SMS messages (SMS Allowance)
